*Certified in 2010 †Certified in 2011

Earning a certificate from the Santa Clara County Green Business Program means that a business or organization has made a commitment to the community and the future success of their business — a commitment to go above and beyond typical green measures and participate in sustainable business practices. Businesses must comply with all environmental regulations and take actions to conserve, resources, prevent pollution, and minimize waste in order to be certified.

Shop locally, and let these Sunnyvale Green Businesses know that you appreciate their efforts!

Visit www.greenbusinessca.org for more information on the Green Business Program and a list of certified Green Businesses in Santa Clara County.
